NUMBER 15

Volunteers Tutor School Students

In January of 1972, at a community forum at the Elba United Methodist Church, need for volunteer Tutors and assistance in the Elba City Schools was shared by Elmer Taylor, Superintendent.

The Council on Ministries, the program planning group of the church, became very interested in that need and a spontaneous start of such a program in Elba. After several sessions the Chairman of the Council, James R. Brown, and Elmer Taylor, met with Elmer Taylor to formulate plans for the Elba Volunteer Tutorial Program. After several weeks of study by the Church Council, the chairman and chairman of the program were named. The chairman named was Mrs. Betty M. Sells and the co-chairman, Mrs. Jean Rogers.

On April 13, 1972, Mr. Taylor received information from the State Department of Education regarding a Volunteer Reader Tutorial Program. With the help of some of the church group, the school decided to become a part of this program suggested by the State Department of Education.

The objective of this program is as follows: "It is an organization designed to provide one or small group assistance to pupils needing extra help in reading."

The total project will cost approximately \$2,487,132.00 with the first year's budget being included in this work according to Easters as an improved intersection with the Metcalfe Road spot that has been a source of many complaints over the years.

With these aims and goals set, the Elba Volunteer Readers were recruited by Mrs. Betty Sells and Mrs. Jean Rogers. Tutors have been obtained from among church members in the school district, thus making this a city-wide project. The following persons are currently engaged in this program in the Elba Elementary, Elba Middle, and Elba Pre-School: Mrs. Ruthie McCall, Mrs. Carol Wilson, Mrs. McCall; Mrs. Jenny Reaves; Mrs. Carol Wilson; Mrs. Mrs. Doris Brock; Mrs. Betty Cox; Mrs. Allen; Mrs. Eva Deal; Mrs. Sandra Carpenter; Mrs. Neal Hager; Mrs. Betty Thorpe; Mrs. Carol Walden; Mrs. Jean Jackson; Mrs. Campbell; Mrs. Jean Rogers; Co-Chairman; Mrs. Betty Sells, Chairwoman.

It was become more informed about the State Volunteer Reading Tutorial Program. Mrs. Doris Brock, Principal of Elba Elementary School, Mrs. Betty Thorpe, Mrs. Carol Walden; Mrs. Jean Jackson; Mrs. Campbell; Mrs. Jean Rogers, Co-Chairman; Mrs. Betty Sells, Chairwoman.

Easters noted that he had worked out a plan with the Highway Department to widen the bridge in the very near future and then as soon as bridge could be drawn across the addition would be from the bridge to town would be done as necessary. He did not know just what the cost would be necessary from Beaver Dam to downtown, but promised to keep in touch with them and relay the information as it became available.

Easters noted that there was still much work to be done on a \$500 matching grant to re-surface streets in Elba and that Enterprise had recently taken advantage of this offer from the highway department.

Questions were raised as to the efficiency of one organization covering the entire span of the three schools, and after discussion, it was decided to form a Parent-Teachers Association for the present time, with eyes toward the needs of each school.

Officers for this organization were elected as follows: Rudolph Crook, President; Robert Overton, Vice-President; Sandra Carpenter, Secretary; and Waylon Adkinson, Treasurer.

This organization is as yet unnamed. The elected officers were voted on as representatives of the three schools and not that it will be known.

We want to do everything we can to see that these containers do not become an eyesore to our community.

He said that an information education campaign is being conducted to get everyone familiar with location and use of the garbage containers.

Next week is homecoming at Elba High School. The Elba-Hartford football game will be played on Saturday, November 11, at 7:30 p.m. in the Elba High School Auditorium. Game time is 7:30.

Elba has now stretched its record to six wins and one loss and journeys to Troy this week to take on the mighty Trojan team in their own territory. The final game of the season will be with Hartfort the following week. All three games coming for the Elba High School

Elba-Troy Highway To Be Widened

Late last week Coffee County Representative Douglas Easters was proudly displaying a letter from Arthur Highway Director that showed that finally there is to be some state highway work in this area of Coffee County.

According to the letter to Bass in the Elba-Troy Highway is to be widened from Elba to U.S. 231 in Troy.

The highway will be widened for an additional 1.26 miles from the present four-lane and curvy added. This part will cost \$311,045.00 and funds are already budgeted for the work.

For the next thirteen miles the road will be widened to 24 feet and then will meet the state \$80,000.00. These funds will be budgeted as state work crews get time for the work.

Going past U.S. 231, County line, about 10 miles, similar plans are engineered and the cost will be \$393,530.00. The highway from U.S. 231 in Troy the road will be widened to 52 feet, with curbs. This is approximately 2 1/2 miles. The total cost for this is \$347,557 of which \$110,342.94 has been budgeted and the balance will be funded as needed according to Bass.

The total project will cost

approximately \$2,487,132.00 with the first year's budget being included in this work according to Easters as an improved intersection with the Metcalfe Road spot that has been a source of many complaints over the years.

The general aims of the Volunteer Tutorial Program are to assist parents and teachers in providing more individualization and enrichment of instruction to their Reading tutorial students. (2) To provide opportunity for interested community members to participate among themselves in the program. (3) To build an understanding of school problems among parents, thus stimulating their interest and participation in the total educational process. (4) To build a school-community relationship through positive participation.

With these aims and goals set, the Elba Volunteer Readers were recruited by Mrs. Betty Sells and Mrs. Jean Rogers. Tutors have been obtained from among church members in the school district, thus making this a city-wide project. The following persons are currently engaged in this program in the Elba Elementary, Elba Middle, and Elba Pre-School: Mrs. Ruthie McCall; Mrs. Jenny Reaves; Mrs. Carol Wilson; Mrs. Mrs. Doris Brock; Mrs. Betty Cox; Mrs. Allen; Mrs. Eva Deal; Mrs. Sandra Carpenter; Mrs. Neal Hager; Mrs. Betty Thorpe; Mrs. Carol Walden; Mrs. Jean Jackson; Mrs. Campbell; Mrs. Jean Rogers; Co-Chairman; Mrs. Betty Sells, Chairwoman.

It was become more informed about the State Volunteer Reading Tutorial Program. Mrs. Doris Brock, Principal of Elba Elementary School, Mrs. Betty Thorpe, Mrs. Carol Walden; Mrs. Jean Jackson; Mrs. Campbell; Mrs. Jean Rogers, Co-Chairman; Mrs. Betty Sells, Chairwoman.

Easters noted that he had worked out a plan with the Highway Department to widen the bridge in the very near future and then as soon as bridge could be drawn across the addition would be from the bridge to town would be done as necessary. He did not know just what the cost would be necessary from Beaver Dam to downtown, but promised to keep in touch with them and relay the information as it became available.

Easters noted that there was still much work to be done on a \$500 matching grant to re-surface streets in Elba and that Enterprise had recently taken advantage of this offer from the highway department.

Questions were raised as to the efficiency of one organization covering the entire span of the three schools, and after discussion, it was decided to form a Parent-Teachers Association for the present time, with eyes toward the needs of each school.

He said that an information education campaign is being conducted to get everyone familiar with location and use of the garbage containers.

Next week is homecoming at Elba High School. The Elba-Hartford football game will be played on Saturday, November 11, at 7:30 p.m. in the Elba High School Auditorium. Game time is 7:30.

Elba has now stretched its record to six wins and one loss and journeys to Troy this week to take on the mighty Trojan team in their own territory. The final game of the season will be with Hartfort the following week. All three games coming for the Elba High School

PLAQUE MOUNTED BY TELEPHONE COMPANY

Miss Harper Honored For Deeds

MAYOR BRUNSON, MISS HARPER, CHARLES JONES

October 26, 1972, a plaque was mounted on the building of the General Telephone Company here in Elba, in memorial of Miss Vivian Harper's Theodore N. V. Siler Memorial Fund received for her heroic efforts during the floods of 1929. Her descendants and newspaper's activities which won for her this distinguished award.

On the morning of March 14, 1929, due to 60 inches of heavy rains had swelled rivers and creeks, the town of Elba was completely inundated with water rising within two hours to a height of ten feet. The inhabitants of the town were forced to leave their homes and second stories of their homes and on roof tops and trees. A number of lives were lost. Miss Harper, a telephone company operator, an elderly woman, was on duty in the central office, a temporary building on the first floor of which raised eight to ten feet on a rather insecure foundation of timber. She was warned frequently to leave but stayed on duty until every telephone failed. At first, Miss Harper concentrated her efforts on warning the inhabitants in the locality and directing their removal to safety. She was told that the situation was of unusual seriousness, she warned the town of Geneva, Alabama, that the water was rising. The chief operator at Troy, Alabama, giving the alarm to the first alarm bell, which resulted in the immediate organization of relief work.

She was the only person who had gone out of service level to the central office. Miss Harper left the office, climbing through the window to a boat which two men had prepared for her. She was so strong that they were dashed agains a brick building, hitting the hull. The boat would not move because the rope was jammed on a limb of a tree. She was pulled to safety. Shortly after, the water rose to a height of two and one-half feet in the central office and the building subsequently collapsed.

Dorsey Reports Increase Of Sales And Earnings

The Dorsey Corporation (NYSE), a leading manufacturer of glass and plastic containers and cargo trailers, today reported a 10% increase in earnings for the third quarter, and nine months ended September 30, 1972.

For the nine months ended September 30, net sales in the 1972 period rose to \$87,153,000 from the \$78,529,000 reported in the same period a year earlier. Net income increased to \$3,270,000, or

Cook Makes It Easy To Shop In Elba

Cook Chevrolet is running a sales campaign that was highly successful with these several months ago. They are giving the public a 10% discount off of their purchase price.

The three stopped at the Carter home on the pretense of getting a tune-up on his community water system. One of the men walked around the house with Mrs. Carlisle and the other two men sat in the car while they attempted to get him to remove his pants for an "examination".

He told this newspaper that when the "mill" failed to show any progress he began to check the car and was searching by some of the newer highway department personnel, some very old timers, when they were informed it was discovered that no work at all had been done of bridge design for Beaufort.

He

RATE YOUR CONGRESSMAN

Most of us are busy making a living and raising our families in today's "fast-paced" society and therefore don't always have the time to find out if our elected representatives are expressing our point of view in national government.

Under our constitution we are given the opportunity, every two years, to reflect on our congressional representation and register our approval or disapproval at the ballot box.

For eight years, the people of the Second Congressional District have given their overwhelming approval to Bill Dickinson and the job he has done.

During this time he has grown in prestige and influence in the Congress through his service as a member of the powerful Armed Services Committee. The following are some of the things which have been accomplished through his efforts:

MICHAEL AIR FORCE BASE presently the Air Force Senior N.C.O. Academy has the largest enrollment ever in the Air University.

GUNTER AIR FORCE BASE, which was recently about to close, has been completely located in Montgomery and has just recently revitalized with the recent addition of the Air Force Data Design Systems and there

These are some of the important income producing military installations, located in our district which Congressman Dickinson has worked for as your representative on the House Armed Services Committee.

HOW DID HE VOTE ON IMPORTANT ISSUES?

Listed below are just a few of the important bills introduced in Congress and how your Congressman Bill Dickinson voted on them.

See if you **AGREE** or **DISAGREE** with these votes . . .

SOCIAL & WELFARE LEGISLATION:	
To reduce individual income taxes . . .	YES
To share Federal revenue with the states . . .	YES
To institute wage & price controls . . .	YES
To increase the Federal debt limit . . .	YES
CONSTITUTIONAL & JUDICIAL LEGISLATION:	
To prohibit forced busing for racial balances . . .	YES
To raise voting age to eighteen . . .	YES
To allow voluntary public prayer in public buildings . . .	YES
To allow equal rights for men and women . . .	NO
ENVIRONMENTAL LEGISLATION:	
To control dumping wastes in the ocean . . .	YES
To regulate killing of marine mammals . . .	YES
To prohibit shooting game from aircraft . . .	NO
To extend Federal Water Pollution Control Act . . .	YES
VETERANS & ARMED FORCES LEGISLATION:	
To increase G.I. vocational rehabilitation and educational benefits . . .	YES
To provide additional Armed Services survivors benefits . . .	YES
To provide drug treatment & rehabilitation programs for veterans in VA hospitals . . .	NO

Bill Dickinson believes that he votes the way the majority of the people in the Second District want him to vote as their representative. Your responses to the regular questionnaires he sends out lets him know how you feel about issues . . . and then he votes the way you want him to.

In addition, Bill maintains two, full time offices in the district to be readily available to help people when they need help.

Experience Counts!

Your Congressman
BILL DICKINSON
GETS THINGS DONE!

Vote for the good of the 2nd District
KEEP BILL DICKINSON . . . IN CONGRESS

Pd. Pol. Adv. Dickinson for Congress Committee, Frank Tophaker, Chmn.

Westside Baptist Church Gleaners Circle, WMU

SPORTS

With JOHNNY MARTIN

Opposite: We are now entering the ninth week of the Elba High School football season, and the Tigers are boasting a 7-1 record with an opportunity to go to the state playoffs. Being very frank about it, you couldn't have told me, other than Elba fans that our team would win seven games by now. No reflection on the coaching or the players, but the program was more impressive with mobile displays, fruit, Bible studies, discourses, season of prayer, and the like.

Troy 6. Let's not mention the team's Crimson Tide this week without mentioning the brilliant play receiving of Elburn John Sharpless. Although seeing the first half of the game this year, Sharpless has come up with the greatest game of his life, including the home he caught from Tide quarterback Gary Rutledge in last week's South Mississippi game. With out doubt, "Bear" Bryant's coaching ability, let's say that he is the most pleasant surprise of the 1972 football year, goes directly to them.

A delicious dessert plate was enjoyed by Mrs. Leslie Harrison, Mrs. Ruby Mickie, Mrs. Dorothy White, Mrs. Mrs. Maxine, Mrs. Mrs. Morrow, Mrs. Doris Mallory, Mrs. Laverne Kelley, Mrs. Louann Bryan, Mrs. Agnes Wilson, Mrs. Henrietta Grimes, Mrs. Thelma Parish and Mrs. Onal Crook.

The program for this month was Missions and Cultural Affairs of Indiana, Malaysia and Indonesia, we could do in Missions here at home, the attitudes that Christians have toward others in order to share their faith. The program was made very impressive with mobile displays, fruit, Bible studies, discourses, season of prayer, and the like.

Pvt. Henderson Completes Eight Weeks Training

By Tom Casady, County Extension Chairman
Army Private Terry W. Henderson, son of Mr. and Mrs. James L. Henderson, Route 1, Kinston, Ala., recently completed eight weeks of basic training at the U.S. Army Training Center at Fort Knox, Ky.

He received instruction in arts and sciences, weapons, map reading, combat tactics, military courtesy, military justice, first aid and army history.

Pvt. Henderson received training with Company A, 4th Battalion, the 4th Brigade.

The 18 year old soldier was graduated this year from Kinston High School.

His wife, Priscilla, also lives on Route 1, Kinston.

MacArthur Tech Begins Special Business Program

MacArthur Technical Institute will begin a special training program in the Business Department in the fall. Most students will come from our local schools.

There are several things that can be done to increase the possibility of grass tetany. One of these is to increase the intake of magnesium oxide daily. This can be provided by feeding one part magnesium oxide to one part salt during periods of potential grass tetany.

The second month of training for the volunteers 4-H leaders is in progress this week. During the month, 100 meetings, 100 field volunteer leaders throughout the county provided training in the 4-H Club in the county. This new approach to 4-H Club work has created new areas of interest. The 4-H Club in Notasulga, for example, will be "Gun Safety" and the girls' programs will be "Cooking and Hair Fashion."

TOMATO GREENHOUSE
I am writing to you with Paul Martin of Rock Hill, Kinston, about his tomato production in greenhouse. This enterprise is becoming quite popular in Coffee County. As I was talking with Paul, he mentioned that production of tomatoes in greenhouses was a lot more than just putting a few tomato plants. The control of humidity, soil moisture levels, insects and diseases becomes quite complicated in this production. He has been quite successful in producing greenhouse tomatoes to be the ones who put in necessary time and effort in following the recommended practices.

4-H SWINE PROJECT
K. C. Wigg, Elba, Alabama, has a real good swine project. She has two pure sows in her project. From these two sows she has 13 fine pigs on the ground now. These pigs are weighing about 50 pounds each. She hopes to have them market weight when they are about five months old. She is a 4-H'er at New Hope.

VEGETABLE INSECTS
As the weather cools off we will be thinking more about

SUSCILING

The shortage of rainfall this year has caused some Howell county farmers to subsoil their

cooperators to try more water

on cropland.

These cooperators believe that subsoiling will cause the soil to hold more water and store it for future use of the crop.

It also breaks up the hardpan in the soil which allows the plants to grow deeper and reach the moisture stored in the subsoil.

HAY

Coastal bermuda hay is becoming one of the leading farm products in the county. It is being grown and used for wintering cattle on the farm or to be sold as a cash crop.

The season is just about over. A few cooperators who were hauling coastal bermuda hay in the last few weeks were Eugene Farris, James Wise, and Sawyers Farm.

His wife, Brenda, is the daughter of Mr. and Mrs. Thomas E. Kelley of Rt. 1, New Brockton.

Whitmans Drug Co.

Elba

The Supervisors of the Coffee County Soil and Water Conservation District informed us the manufacturer has increased the prices on pond pipe an average of about 10 percent. This increase goes into effect immediately.

The district became dealers in pond pipe mostly for

the convenience of pond builders in Coffee and adjoining counties. Superiors, Martin Morris, and Charles Morris provide storage sites on

their farms and handle the pipe at no cost to the district. The small profit made on the pipe is spent on activities in the district such as Land Judging, Soil Stewardship, calendars, booklets for schools, printing annual reports, State and National dues, and providing a secretary for the SCS office.

Alabama Heart Association Kidney And Heart: An Unbreakable Link

There is so little public awareness of the relationship between kidney function and heart disease that the heart is often surprised if his cardiologist orders a kidney test. Even minor kidney defect, though, can have profound effects on the heart. The kidney and heart are so linked together that the American Heart Association has recently formed a separate Council on Kidney Cardiovascular Diseases and both its research and physician-edu-

cation programs.

The heart is continuously circulating to the body's tissues a pool of fluid which carries nutrients and wastes from the cells and takes wastes from them. It is the job of the kidneys to dispose of these wastes and to balance the composition of water, salts and minerals in the body, the result can be low blood pressure, which in turn further reduce kidney function.

Malfunction of the kidneys affects the cardiovascular system in other ways: hypertension, or high blood pressure, at times severe, often accompanies kidney disease, causing considerable stress on the heart and blood vessels. The kidney also is the source of a hormone called renin, not produced by the heart, which stimulates red blood cell production. Anemia is always found to be associated with kidney failure, therefore causing further strain on the heart. Many medications, including digitalis, the drug of choice for heart disease, rest on the kidney for their excretion, so that medicine dosages may need periodic re-adjustment for patients with serious renal disease.

For reasons which are not clear, heart disease is also associated with pericarditis, a painful and serious inflammation of the sac containing the heart. Disease of the heart muscle itself may occur, leading directly to respiratory failure.

On the other hand, diseases

of the heart greatly af-

fect kidney function. As heart failure develops, the volumes of blood reach the kidney, impair its ability to excrete wastes, and an increased retention of salt and water. Blood volume expands further, therefore, and tends to increase the degree of heart failure already present. Treatment of the heart failure patients preventively and indirectly corrects the excess salt and water by the use of so-called diuretic agents. High blood pressure, however, can severely and permanently damage the kidney -- kidney failure being the primary cause of death in a significant proportion of hypertensive patients.

Bacterial endocarditis, discribed as heart valves commonly seen in rheumatic heart disease, also causes progressive and permanent renal disease.

These are only a few of the many interactions between the heart and kidney. It is interesting to research in the area of kidney function and disease will be available to those supported by local Heart Associations and by the American Heart Association as it has in the past.

Pd. Pol. Adv. by Brown Bryars

Veterans Benefits To Increase

President Nixon has signed into law in the past few days several bills that greatly increase benefits to veterans, Montgomery Veterans Administration Regional Office, announced.

The one bill that will affect most veterans immediately is an increase in the educational allowance for veterans under the G.I. Bill.

The rate is \$175

per month for a single veteran

and \$220 for a couple.

This increase has been

increased to \$220 per month due to the increase in the cost of living.

"As in the past, the

veterans are entitled

to do anything to receive the increase in allotment. It will be an automatic payment," he said.

A veteran with one dependent and who is attending school on a full-time basis will receive an increase of \$5 a month or a total of \$261. Veterans having two dependents will receive \$6 a month, and for each additional dependent the allowance will another \$18 per month.

President Nixon also signed legislation authorizing \$25 million a year over the next seven years in VA grants to help states to build new hospitals financed mostly by state governments, but which would serve veterans and hospitalities. He also authorizes \$50 million a year for seven years to make grants to expand existing hospitals and for aid to college education courses in the health services field.

He signed the legislation

into law, the President said

"I feel 'a deep sense of personal gratitude to the men and women who have served their country.'

He urged all those who

are not now using their G.I.

benefits to check with the Veterans Administration on possibility of doing so in the very near future," Smart concluded.

ATTENTION VOTERS

The people of Coffee County is now faced with the Wet or Dry issue. This is now our decision. This decision will effect schools, business, our city, our children, now and forever. We minister in the Gospel of Jesus Christ and the pastor of "The Elba Tabernacle Church," people are our business. The moral standing of our county is so vitally important and is our deep concern.

It has been said "I will vote in secret and you will know how I vote." In the book of psalm 90:12 it says "He has set our steps in slippery conditions." And in the book of Dan. 2:28 the word declares that there is a God that reveals secrets. And in Romans 2:16 we read where God shall judge the secrets of men by Jesus Christ according to His Gospel.

We urge you to vote in a way that you would be happy for all; our friends, parents, children and our Lord to know about.

There will be lot of speeched made about drinkers driving to other counties in order to buy liquor. Just think sin that has robed our own precious people like liquor has should be pushed further away and not be at our own door. People who support this dreadful sin are asking to lose their families, jobs, health, respect and above all their soul.

WOULD YOU TAKE TIME OUT NOW TO ANSWER THE FOLLOWING QUESTIONS?

HAVE YOU EVER KNOWN A MAN TO LOSE HIS JOB BECAUSE HE DRANK TOO MUCH?

HAVE YOU EVER KNOWN A DOCTOR TO TELL HIS PATIENTS THAT THEIR CHANCES TO LIVE WOULD BE BETTER IF THEY WOULD START DRINKING?

HAVE YOU EVER KNOWN OF AN EMPLOYER WHO PICKED OUT MEN FOR RESPONSIBLE POSITIONS BECAUSE THEY DRANK CONSTANTLY?

HAVE YOU EVER HEARD A WIFE SAY, "MY HUSBAND WOULD BE THE BEST HUSBAND IN THE WORLD IF HE WOULD START DRINKING MORE?"

HAVE YOU EVER HEARD CHILDREN WHO COMPLAINED BECAUSE THEIR DADDY NEVER CAME HOME DRUNK? DID YOU EVER HEAR A DRUNK WHO BOASTED, "I CAN TAKE A DRINK OR LEAVE IT ALONE", WHO EVER LEFT IT ALONE?

AND DO YOU REALLY WANT OUR COUNTY TO BECOME LIKE BOURBON STREET IN NEW ORLEANS, LA.?

If you don't want this liquor tragedy to grow in our county don't plant the seed when it's young. You never know what will happen. I once read of a liquor store owner who sold liquor to a neighbor until he beat his wife and she died because of the results. They were both classed as alcoholics at the trial.

And of course, in the new world insanity this man will have to be punished for terrible crime as an alcoholics will be ruled a "sick man."

They will give him a gentle treatment, sober him up, feed him well, dry him out, dress him up, put him on welfare, pay his house rent, give him more money to buy liquor with and turn him loose on society, go out and commit another crime. It could be a member of your family. OH COFFEE COUNTY OPEN YOUR EYES! "THE WICKED SHALL BE TURNED INTO HELL AND ALL NATIONS THAT FORGET GOD. PA. 3:17...

ABSENTEE:

Jeanie Crook, Manager; Oh B. Kendrick, Manager; Rev. Robert James Mader, Manager; Roy Lester Schark, Clerk; Ethelma Clark, Clerk; Irving Edward Britton, R. O.

IT'S UP TO YOU!

THAT'S RIGHT . . . AS A VOTER OF COFFEE COUNTY, NOV. 7th
TUESDAY IT'S UP TO YOU TO DECIDE HOW WE ARE GOING
TO HANDLE ALCOHOLIC BEVERAGES -- WILL WE KEEP THE
UNWORKABLE PROHIBITION (DRY) LAW -- OR GET A PROVEN,
WORKABLE PLAN OF LEGAL SALE AND CONTROL.

1. Unenforceable Law . . .

We have had the so-called dry law in Coffee County since 1907 and it was not enforced because it lacked public support. Now, with the new Possession Law passed by the 1971 Legislature which says that an adult can legally possess up to three quarts of whiskey and a case of beer or up to three quarts of wine and a case of beer in so-called "dry" counties the situation has become really impossible.

What Coffee County and its towns will lose when Culver Bill to take direct A.R.C. revenue from dry counties and towns
Enterprise . . . \$15,351.01
Elba . . . \$4,562.68
New Brockton . . . \$1,465.45
Kinston . . . \$531.69
Coffee County . . . \$41,089.36
Total . . . \$62,887.59
VOTE NO Coffee County RECEIVES \$0000.00
vote yes coffee county receives \$0000.00 Plus employment
Motels and Industries.

6. Affects Pensions & Welfare

Because nearly 48% of the State of Alabama's Contributions to Pensions and Welfare come from the legal sale of alcoholic beverages through the State ABC Board. An increase in the number of wet counties means more revenue to the Department of Pensions and Welfare. The matching Federal funds will increase. The elderly, sick, disabled, old age pensioners, the dependent children, the blind, and the permanently and totally disabled will live longer. This is a fact . . . This information comes from the last year's Annual Report of the State Department of Pensions and Security . . . Let's increase the already slim checks of the needy Coffee County citizens during the last fiscal year.

7. Not Working Anywhere

Prohibition is not working in any so-called dry county . . . It certainly can't work in Coffee County, as we are touched by four legal sale counties. And especially how with the new "possession" law which makes it legal to have alcohol in the old prohibited law under the new "possession" law. The last eleven years there have been twelve "dry" counties to vote for Legal Control. No Legal Control county has voted "dry" in the past fifteen years although there has been a proposal by the "dry" to do so. There must be a reason for this - there is, REGULATION AND REVENUE.

4. Your Revenue Facts . . .

Our county and towns need additional funds for public services . . . Since we now have the legal possession of alcoholic beverages in our county, we should not be best to adopt Legal Control so that we could tax and regulate these beverages . . . Look at our neighboring counties of Houston, Henry, Barbour and Pike and in the last few years since 1971 we welcome our drinkers back. In the last fiscal year our county and towns received a total of \$62,887.59 in DIRECT REVENUE from the STATE ABC BOARD . . . Last year the Wet Counties increased their sales to control both houses of the Legislature introduced a bill to control the legal sale of whiskey and beer . . . it failed for seventeen years in Alabama from 1920 to 1970. When we adopted State Legal Control . . . and it has failed here in Coffee since 1907. Let's stop this failure here and adopt Legal Control with a "YES" vote on Tuesday.

We are going to decide Tuesday, November 7th is HOW alcoholic beverages are going to be handled in Coffee County . . . That is the only question just about the only issue . . . Every other item raised in this campaign concerns with the issue . . . We have always had alcoholic beverages possessed, sold and consumed in Coffee County. We have always had bars of so-called prohibition that did not prohibit . . . Are we going to keep this unworkable law . . . or . . . adopt the proven system of Legal Control with both REGULATION and REVENUE?

A YES VOTE ON NOV. 7TH CAN BRING
REGULATION AND REVENUE TO
COFFEE COUNTY, ALA.

Paid by Committee for Legal Control, Cal Gooding, Chairman

**American Association of
University Women Hold Luncheon**

The Enterprise branch of the American Association of University Women has planned a luncheon and program on Saturday, November 11, at the Daleville Inn on November 11 at 12:30. All prospective members, including guests are invited to be present.

Speaker will be Mrs. Richard (Genia) Swartz. Her topic is "Women in the Americas - Their Consequences".

Mrs. Swartz, a native of La Habana, Cuba, came to the U.S. in 1961. She graduated Cum laude from Stetson University in DeLand, Florida, and has been working toward a Master degree.

All women are invited to the luncheon. Please contact Mrs. Clara Belle Hayes, P.O. Box 533, Enterprise, for your reservation. Reservations

**Kay Macon Has
Miscellaneous Shower**

Miss Kay Macon, bride-elect was complimented Saturday, October 21, from 3 o'clock to 5 p.m. at a shower at the home of Mrs. M.A. Sims. Hostesses for this delightful occasion were Mrs. M.A. Sims and Mrs. Tom Frank Bess.

The bride's colors were red and white. The decorations for the shower scheme for the gift room in the nursing home in Enterprise if you have books that you would like to give away, call Mrs. Althea Prescott, 897-2622 and she will be glad to pick them up.

**Professional
Nurse Week**

Judge James L. Sawyer has proclaimed the week of November 5-11, 1972, as Professional Nurse Week in Coffee County. All citizens, civic groups and interested agencies to assist the celebration of this week.

**Aptitude Test
Scheduled At
ESJC**

The JETS National Aptitude Search (NEAS) tests will be given at Enterprise State Junior College for junior and senior high school students on the 10th floor on February 10, 1973. Joseph Talmadge, Dean of Instruction, announced today.

Talmadge said that students wishing to take the tests should apply at the ESJC office by December 1, 1972. He said that applications have been mailed to all junior and senior high schools in southeastern Alabama and students should contact their guidance counselors or write Bill Foreman, Public Relations Officer at ESJC.

**Revival At
Elba Church
of God**

There will be a revival at the Elba Church of God beginning Sunday, November 5th. The services will begin at 7:00 p.m. Special services will be Brother Randall Isbell.

State Farm is all you need to know about insurance.

Spirit Soars For Homecoming ... Homecoming Activities Have Begun

The spirit filled days are just beginning. Each day that passes will add the enthusiasm and school spirit.

The homecoming parade will be on Thursday, November 9 at 7:30 P.M. An invitation is extended to all clubs and grades 7 - 12 to enter a float or car in the Elba Homecoming Parade.

Elba High School students will vote on these girls Friday, October 27.

The homecoming Queen will be selected from the Senior class, with 3 attendees from the 9th, 10th, and 11th grades. Each homeroom 9-12 will nominate one candidate (1 boy and 1 white). The student body will vote on these girls Friday, October 27.

The homecoming float competition is open to originality, decoration, color and keeping with the said theme. Each float will be asked not to spend over \$100.00 for the float (excluding the queen's float).

The Senior class will construct the Queen's float. This float always costs more. The 8th, 9th, 10th, and 11th grades have been invited to come and participate in the activities.

November 10 - HOMECOMING - Elba Vs. Hartford - the last high school football game for many of our Tigers. You know the great game boys? Well, we had one in 1975 the U.S. Marine Corps was created.

November 11 - Still observed in some states as Veterans Day. On this day in 1918 World War I hostilities ceased at 11:00 A.M. following the signing of an armistice.

November 12 - Warren G. Harding's Birthday.

Elba Junior Team vs Florida Junior Team. Good Luck Jr. The team will be playing on the last game of the season.

November 3 - Elba vs Charles Henderson High of Troy, Alabama.

November 4 - Elba High School meets at Troy State University -- All A.E.A. members are invited.

November 5 - Let us all worship the Lord on this, His day.

November 6 - State Legislative Committee Meets in Montgomery. This is also the day that the politicians get out and speak -- Election Day.

November 7 - Election Day. Finally the public servants and politicians, will be worthy of their hire. November 8 - We must put the finishing touches on all floats today.

November 9 - THANKSGIVING DAY. We hope you all are conducting, think of all there is to be grateful for.

Franklin Pierce's Birthday -- November 23 - Zachary Taylor's Birthday.

November 10 - Homecoming parade at 5:30.
